In order to prevent large "oversized" (20 feet or more) vehicles from parking in economy lots <u>other than Lot A</u>, the following action is placed in force:

- 1. Oversized vehicle policy:
 - a. Oversized parking location:
 - i. Parking for any vehicle deemed by the Authority or its agents as an "oversized" vehicle shall only be permitted in Lot A.
 - b. "Oversized" vehicle criteria:
 - i. Any vehicle which occupies more than a single standard parking stall
 - ii. Any vehicle which extends significantly into the parking lane as to cause an impediment to the safe conduct of passing traffic.
 - iii. Any vehicle which cannot safely enter, exit or maneuver through any parking facility or access control point accessible to the public.
 - c. Fees for Oversized vehicles:
 - i. Vehicles that occupy more than one standard stall shall pay for the standard daily/hourly rate for that Lot and the number of stalls used.
 - ii. Vehicles which extend significantly into the parking lane shall be escorted from the premises or towed at the owners expense and subject to two times (2x) the standard daily/hourly rate for that Lot.
 - iii. Any vehicle which cannot safely enter, exit or maneuver through any Parking facility or access control point accessible to the public shall be escorted from the premises and subject to the two times (2x) standard daily/hourly rate for that Lot.
 - d. Maximum period of stay for oversized vehicles:
 - i. Vehicles which meet the criteria of "oversized" are limited to stays not to exceed five (5) days (based on a 24 hour period).
