**STAFF REPORT PRESENTED TO THE  
BURBANK-GLENDALE-PASADENA AIRPORT AUTHORITY  
LEGAL, GOVERNMENT AND ENVIRONMENTAL AFFAIRS COMMITTEE  
JANUARY 21, 2020**

**RIGHT OF ENTRY AND ACCESS AGREEMENT  
WITH BURBANK INDUSTRIAL INVESTORS**

**SUMMARY**

Staff seeks a Legal, Government and Environmental Affairs Committee (“Committee”) recommendation to the Commission for approval of a proposed Right of Entry and Access Agreement (“Agreement”) with Burbank Industrial Investors, LP (“BII”), copy attached, to facilitate limited grading and drainage work on the Adjacent Property to protect the Avion Burbank site.

**BACKGROUND**

BII, through Overton Moore Properties, is now constructing the Avion Burbank development on the former Trust Property north of Lot A and east of the Adjacent Property. As a condition of the City of Burbank’s development approvals and permits, BII is responsible for addressing pre-development storm water drainage. Due to the current topographical condition of the area, some storm water that falls on the Adjacent Property flows to the east and crosses the property line onto the Avion Burbank site.

BII’s original grading design for the Avion Burbank site included a drainage channel at the property line to collect storm water from the Adjacent Property and direct it to a storm water collection system. In preliminary discussions with BII, Staff indicated that, if the Replacement Passenger Terminal is constructed on the Adjacent Property (the preferred site), then that development will essentially eliminate existing surface water flows and thereby effectively eliminate the need for a drainage collection channel. Additionally, Staff expressed concerns that a drainage channel located immediately next to the Airport could create a potential security issue. In response to these concerns, BII prepared a new stormwater drainage plan for the Avion Burbank site. The new plan contemplates limited grading and installation of a perforated drainage collection pipe on the Adjacent Property and does not include a permanent drainage channel on the Avion Burbank site.

**DETAILS**

The proposed Agreement will give BII and its designees access to the Adjacent Property for approximately two months (until March 31, 2020). BII’s scope of work under the Agreement includes installation of compacted berm, a perforated pipe wrapped with filter fabric which would be surrounded by stone aggregate along the eastern edge of the Adjacent Property. Storm water collected in the perforated pipe would be directed to an existing storm drainage system in Parking Lot A. BII’s engineer is currently finalizing hydrology calculations and details which will be subject to both City of Burbank approval and Authority approval prior to initiation of any work on the Adjacent Property.

Work undertaken by BII and its designees on the Adjacent Property will be overseen by a representative of the Authority's Engineering Department as necessary.

COST

BII will be responsible for all costs associated with the surveying, grading, and pipe installation on the Adjacent Property.

STAFF RECOMMENDATION

Staff recommends that the Committee recommend to the Commission approval of the proposed Agreement with BII to facilitate limited grading and drainage work to protect the Avion Burbank site.

RIGHT OF ENTRY AND ACCESS AGREEMENT

THIS RIGHT OF ENTRY AND ACCESS AGREEMENT (“Agreement”) is dated January 21, 2020 for reference purposes, and is entered into by and between the BURBANK-GLENDALE-PASADENA AIRPORT AUTHORITY, a California joint powers agency (“Licensor”), and BURBANK INDUSTRIAL INVESTORS LP, a Delaware limited partnership (“Licensee”)

R E C I T A L S

NOW, THEREFORE, in consideration of the foregoing premises, the mutual covenants and agreements contained herein, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Licensor and Licensee do hereby covenant and agree as follows:

3. Indemnity. Licensee shall indemnify, defend and hold Licensor harmless from and against any and all claims, liabilities, damages, losses, costs and expenses of any kind or nature whatsoever, including, without limitation, reasonable and actual attorneys’ fees and expenses and court costs suffered, incurred or sustained by Licensor to the extent caused by the performance of the Work or the entry by Licensee or Licensee’s Designees onto the Property,

except to the extent any such Claim was caused by the negligence or willful misconduct of Licensor or any of its consultants, staff persons or employees. The indemnification and defense obligations of Licensee contained herein shall survive the expiration or earlier termination of this Agreement. Licensor hereby releases Licensee from any and all claims, losses, liabilities, penalties, costs or expenses of any kind or nature whatsoever, including without limitation, attorney and expert fees which may at any time from and after the date hereof be asserted or imposed against Licensee or any of its affiliates, successors, employees, consultants, members, partners and/or Licensee's Designees as a result of: (i) any environmental condition existing at the Property prior to Licensee's access to the Property, whether or not in violation of Legal Requirements; or (ii) the release of hazardous materials by Licensor, its agents, employees or contractors affecting the Property whether or not in violation of Legal Requirements.

4. Reports. Licensee shall promptly provide to Licensor copies of all surveys, letters, studies and reports prepared by third parties related to or arising from the Work (but expressly excluding Licensee's internal financial reports and analyses and other materials to the extent that any such materials are subject to confidentiality restrictions binding upon Licensee, are proprietary or are protected from disclosure by the attorney-client privilege).

5. Insurance. Licensee shall (and shall also cause all of Licensee's Designees performing the Work to), procure and maintain a policy of commercial general liability insurance issued by an insurer reasonably satisfactory to Licensor covering the Work with a single limit of liability of not less than \$1,000,000.00 per occurrence and \$2,000,000.00 in the aggregate, and to deliver to Licensor certificate(s) of insurance evidencing that such insurance is in force and effect, and evidencing that Licensor has been named as an additional insured thereunder with respect to the Work.

6. Limitations. Licensor does not hereby convey to Licensee any right, title or interest in or to the Property, but merely grants the specific and limited contractual rights and privileges hereinabove set forth.

7. Notices.
